Discussion was held about Century 21 office being without water. They have requested that we allow them to connect to the water system via the service line for the adjoining building instead of having to bore across M-33. They would be willing to reimburse the neighboring parcel 50% of the cost they paid to bore across M-33.

Motion by Karen, Support by Sherri to allow them to connect via the neighboring parcel and to allow them to reimburse the neighbor 50% of the cost to bore across M-33.
